

ALUMAX TIPPER

**BUILT STRONGER,
TO LAST LONGER**

The Strength to weight ratio of Southern Cross Alimax Semi Tippers provides operators with in-service reliability and a trailer manufactured to cope with Australia's harshest conditions.

Construction

- Structural Grade Aluminium extrusions & plate used throughout to provide maximum strength.
- The entire frame is sand-blasted and prime coated prior to a superior long lasting finish in your companies fleet colours.
- The comprehensive range of suspensions, axles, landing legs, components and fittings are selected for their proven reliability.

Grain Door Standard

Optional Ringfeder

Spare Tyre Standard

2 Way Tailgate Standard

Discuss your requirements with our sales staff today.
They will help you gain the best value from your new Southern Cross equipment.
